## join us in Milan, Indiana

It is always an honor and privilege to welcome cattlemen from across the U.S. to Milan, IN. The sale group consists of some very hard working and dedicated Simmental Breeders that always have their customer in mind. As you know it's now easy task to assemble one production sale a year not to mention three plus a junior jackpot show. A lot of planning takes place nearly every day to make each of these events a success.

Everyone in the Clear Choice group work hard to be nationally respected programs and share the common goals especially quality and customer service. Jeff and Leah at Clearwater open their doors for all the sales, but the fall female sale is where all the excitement leading up to sale is awesome. Each year the Clear Choice makes it fun and relaxing the moment you come in the door till time you leave hopefully with your special purchase of 2024. Each year it is sharing top of their seed stock to impact your program whether large or small. Flip through the catalog and see the large selection of genetics. Call Leah, Bobby, Joe or Nate. As always, our team is glad to assist anyone that is unable to join us sale day.

2024 has already been great year with two highly successful sales in the books. However, the most exciting was our first Clear Choice Spotlight Show! The Champion walked away with \$3000 and Reserve \$1500 and everyone something that day. You'll search long and hard as well as many other breeds to find an opportunity to bring you heifer purchases back for some serious cash rewards. I applaud this group for their dedication to our breed and our future, the juniors.

So, on behalf of our family, the Meinders, Beshears, Neal's and Hoeing's we'd like to invite you to take in the outstanding offering of females on October 26th.

Doug Parke, DP Sales Management

## grateful for your trust

Each sale when we sit down to write sale letters you have to take a moment to think about how lucky we are to be able to raise Simmental cattle and be a part of such a community of people who trust and believe in our program that they would come here to buy cattle. It is truly humbling and as we prepare for sales, it is something we do not take lightly.

As we head into this sale and looking to the future, we are excited to share this dynamic group of open females with you. We are most excited about the success of our first Spotlight show after the customer sale in April. Open females in this sale will be eligible to compete in our Second Annual Clear Choice Spotlight Show. We are excited to offer another opportunity for our young customers.

The Beshears', Hoeing, and Neal families are not just consignors, but they are great friends. We cannot thank them enough for believing in this sale to market their cattle. Like always, if we can be of assistance to you or answer any questions please feel free to contact us. Videos will be available prior to the sale and cattle will be on display throughout the week of the sale. We look forward to sharing the 2024 Clear Choice Female Sale offering with you.

We are really excited to kick off this year's sale with some of freshest genetics. Josie is truly an impressive red female and we're just getting started with her. Whether to take the Red Bird or the Stockman the choice won't be easy. We feel these two maternal sisters have a tremendous amount of potential and can launch any program to the next level. Don't hesitate to reach out about these females or better yet take a look in person. Retaining six embryos from a future flush.

OMF DK Josie's Girl is the kind. This is the first natural calf out of impressive new Donor Josie from Oak Meadow. We are pleased to share 3 daughters of this exciting female. Stay tuned as we have a lot of progeny are arriving. Here is the first opportunity to acquire daughters of this stunning red female. This female is about as complete as you can make one, beautiful, neat, clean made, long fronted and all the good you are hopefully striving for in a female. The Epic's make great cows. Here is one with all the data, EPDs which are great across the board. I encourage to look at the heifer and the paper, it's easy to see the future potential. She should be a donor.

This is the first offering of Andie genetics out of the Reckoning bull, who, as you likely know, was Show Bull of the Year. Over the past three years, Reckoning has really made his mark, proving himself both in the ring and in breeding programs. He was an obvious match for Andie. The progeny out of Andie have been highlighted in the Clear Choice sales, alongside other sales. In 2023, a daughter sold for \$17,000 to the Rumble family, later becoming Champion at the Spotlight Show and Reserve Champion Simmental at the Indiana State Fair. In 2022, two females sold to JS Simmental and Mad Luke Cattle Co. In 2021, daughters sold for \$15,000 and \$9,500. On the bull side, in 2022, we sold five sons, with three selected by Stan and Steven Humphries and one by Steve Logue—smart choices by both Kentucky and Indiana breeders. Andie consistently produces top-tier quality. The Andie's, Summer's, Cierra's 145E, and 245C have all excelled and continue to build on their genetic merit, generation after generation. Choosing between these two Reckoning females is tough. Regardless of price, their potential far exceeds it. Congratulations to Dr. Allen and WHF on being selected for the Golden Book Award. These Andie heifers represent six generations of WHF genetics, dating back to 1999.

We apologize for the lengthy footnote, but we are incredibly proud and excited about the impact Andie has had on our program. As many already know, we added WHF Delilah to our donor battery and are proud to own her with our partners, Jered Werning Cattle Co. and Wayward Hill Farm. Therefore, it was only logical for us to flush Andie to her son, Point Proven. The Point Proven bull has certainly lived up to his name. He's part of the Select Sires battery, and in his first calf crop, he produced two heifers that sold for over \$100,000 each. These two heifers are exceptionally constructed from the ground up, showcasing deep bodies and elegant fronts, and they have outstanding show potential. We think highly of these four direct daughters of Andie, which is why we are selling three of the four and will take the last one standing home.

Woodford has been well received behind the backdrop, having been the champion % bull at the North American and other major shows. Anna is a big favorite among Simmental breeders as well as those from other breeds. M365 is going to be good all 365 days of the year. This is Kenny and David's favorite; honestly, all of them are my favorites. This Woodford x Andie cross is the right kind. Andie's daughters are not just pretty faces in the show ring; they make incredible cows, just as this young cow has proven with her second calf. Whatever your goals, Anna will more than measure up. The word is potential.

M4G is a granddaughter of the great Sugar C4. Sugar C4 continues to produce exceptional offspring herself, but some of her daughters may be starting to gain on her. This Reckoning x Innovator x Sugar combines the makings of a real brood cow and headed to make her place as a donor. Our investment in the Sugar female through two different flushes was a great decision as her bulls and females continue to excel and gain attention. This female might be young, but look at the potential you have here in the future.

AI'd 4/22 to Mr. SR Right Now. PE 6/17/24 to 7/29/24 to HLTS/CLRWTR Rockstar K10 (ASA#4158731)

Here is a sharp, fancy individual that we should be retaining in our herd no doubt. L4B is a result of the C4 x Innovator flush. L4B's dam is the result of the C4 x Innovator flush. As these Stockman females continue to mature the more we appreciate them. Sugar L4B is a granddaughter of the record selling donor WS Miss Sugar C4. The Sugar progeny in our sale have commanded \$30,000, \$24,000, \$14,000, \$7500, \$6500, \$6500 and \$5000. Mark Mueller bred a top bull in Stockman and you see more of his progeny in Milan, Indiana. L4B has more than stars in her future; she is a female that checks all the boxes in a breeding program. This female boasts solid EPD's across the board and in the top 15% for WW and YW.

# True Love Family

Lot 8A

The True Love is a beast of a cow and a beauty to boot. This is the second time we've offered genetics from the True Love donor, who was the 2020 National Classic Reserve Champion female. F789 exhibits everything you'd want to see in a cow: a powerful, square hip; a soft middle; big feet and legs; and she's sound on the ground and incredibly attractive. Last year, one was purchased by longtime customer TJ Sporleder, and another by Travis Miller. Now we have four to choose from, and they all offer a big opportunity. The main difference is that three are black and one is red—gotta love the variety! Many will appreciate the red one for her stoutness while maintaining elegance through her front end. They truly are the stars of the family. These four will make you scratch your head in wonder. None of these are a gamble; the family has already proven their consistency through generations of an extended pedigree.

Miss Secret M41 is not secret no more, just try to wait till sale time and put your eyes on this January female. Here is a fancy female with all the right pieces in a well designed package. M41's dam, 4B Secret Weapon has many good produced by 4B and Dwyer Cattle. Of course many have been sold for lots of dollars and have been in huge demand, the reason natural they fit the bill. M41 would be great female to bring back to the Spotlight sale.

The Rocking P success has been off the charts on producing great ones, starting back with PCC Queen Valentine then coming along and flushing to SVF NJC Built Right to produce many of the Right To Loves. The great list goes on and on. It is really hard and a big statement to say the best of the 015U's is the Cowboy Cut, at least the top of the list in my opinion. She is going to be three things; produce at a very high level of quality, genetic merit for your program and others, plus add revenue. Fallon the open is sired by K & L Lone Ranger which we purchased from Kocher Land and Cattle at the American Royal. He is a Follow Me x WRS Contessa x JM Dana, (a sister to Steel Force). With all the other needed info, this is one keep on your list. Follow the footsteps.

I would be lying if I said it was an easy decision to let this one go, but we want to offer our best! This was our 9 year old's first year in 4-H and "Laney" (as we call her) was her show heifer for the spring and summer. With her having been shown already, the work is all done here! She is a female that packs a punch of power and mass that is hard to match. She is super sound at the ground, draws an eye when she's on the move, while never giving you a bad look either! We are sad to see Laney leave, but very excited to see what her future brings!!

| 10.7 | 1.4 | 78.0 | 122.8 | 7.2 | 22.9 | 62.6 | 0.35 | 0.50 | 116.7 |

AI'd to 6/19 to HLTS/CLRWTR Rockstar K10. PE 6/17/24 to 7/29/24 to HLTS/CLRWTR Rockstar K10 (ASA#4158731). We are glad Doug suggested us to use the Exit 44 bull after viewing progeny at Circle M, Wallace Cattle, Red River and others. Penny offers stoutness, power, and bone on moderate framed complete package. It is always good to add some performance and stay in that calving ease window. In the 2023 sale we sold a full sister as an open and commanded \$9,000 going to Ridgeland Cattle. She has been shown at the Spotlight show and many others, just ask Sadie about the success of her and Priscilla. The dam of Penny, DDA Northern Miss has had progeny in every sale. Don't over look she is bred to Rockstar, ES Right Time and Miss Sugar C4.

## Bid Online

**DVAuction**  
Broadcasting Real-Time Auctions

Can't make the sale? Bid from home with DVAuction's "real-time" internet bidding service at [www.dvauction.com](http://www.dvauction.com).

### BID ONLINE IN THREE EASY STEPS!

1. Create an account at [www.dvauction.com](http://www.dvauction.com) under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab **at least 24-hours prior** to the auction. A DVAuction representative will notify you once you have been approved.
3. Tune in for the sale and make your purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. High speed internet is required for successful bidding. Be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

**Proxy Bidding.** If you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

**Having Troubles?** During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also be reached at 402-474-5557.

# Clear Advantage Daughters

lot 28

CLRWTR Clear Advantage H4G  
Sire of Lots 28-33

**Lots 28-33:** When WS Miss Sugar C4 came onto the scene we knew that this was a cow family our program could use to hone several productive traits in our herd. We were able to purchase the first flush ever sold on that female and it proved to be a wise decision. That same year an exciting young bull was offered at Denver by Jerry Lee and our friend Rick Wood took him home. We felt that Vantage Point could combine the phenotype and showing appeal along with adding a shot of the royal Right To Love 015U. That flush produced some exceptional herdsires and donors for our self and many other breeders. When Bobby came to look at the bulls that next fall he latched on to Clear Advantage and it's been easy to see why. The outstanding pedigree, design and superior EPD traits have been this stud such a joy to work with. After using CA heavily in our programs we offered him as the headline of our 2023 Bull Sale. He was selected by Jesse Range & Greg Drabes. Those gentlemen are quickly finding out where this leader's most valuable quality lies, in his daughters. We are so please to showcase this deep set of Clear Advantage daughters, they will leave lasting mark on your herd.

**Lot 49A: ET Calf, Bull, M4P born 8/19/24, 45lbs.**

**Calf's pedigree: CLRWTR Sugar H4F x JSUL Dare 2 Compare**

Here is a spot in the sale you might pay attention. This impressive young female is very nice and complete with a neat, correct udder. The overall design on this Rage female is striking and will make your head turn. The Southern Belle progeny is known well in past sales, in last year's sale 2 pairs sold to Jed French. In the 2022 a full sister sold to Dana Brown in Maine. In the 2019 sale a daughter sold to \$10,500 to Hadden Simmentals, in 2018 three daughters sold to Chloe Boinott, Brandon Luebbe and Veshlage. The addition to complete this package is the ET Dare to Compare bull calf out of the donor, CLRWTR Sugar H4F. Could there be potential here?

**AI'd 6/1/24 to Besh Bull K87. SAFE. PE Besh Bull K87 5/27/24 to 7/1/24**  
Besh Ms Desa Rea has two legendary prefixes in the bottom of her pedigree, and if you're a student of the Simmental breed, you'll recognize the significance of this. Her dam and grandam walked both STF and HPF pastures. Bojangles left behind several good working cows, and this bred has been functional, working hard for us and will continue to be profitable.

| 13.7 | 0.6 | 76.0 | 111.0 | 8.0 | 20.7 | 58.6 | 0.21 | 0.83 | 130.5 |

Offering 3 conventional embryos, guaranteeing one pregnancy if implanted by a certified embryologist.

An excellent daughter of the great Right To Love 015U that we are proud to own. We are just getting larger groups of her progeny on the ground and boy are we pleased. This mating by the JWC show-stopper Red Bird has us pretty fired up at the amount of potential and blending of elite cow families. We opted to produce a conventional flush because this cow is producing excellent progeny of both sexes. Embryos will be available for pickup sale day.

| 7.5 | 3.3 | 88.3 | 135.9 | 4.0 | 20.8 | 65.0 | 0.20 | 0.69 | 122.8 |

Offering 3 IVF non-sexed embryos with no guarantee.

The 457 line has treated us well over the years. All of the progeny that have descended from the original Angus female 457W possess a tremendous amount of volume and mass and are highly maternal. An outstanding pair from this cow family sold in last year's female sale for \$8,800 to Will Rincker. Expect a lot of growth and performance with the blending of Right Time to this mating. We lost this great female and these are the last embryos to ever sell out of her.
